Straw / Coconut Blankets

DSC 2 consists of 70% agricultural straw and 30% coconut fiber bound stitched on both sides by photodegradable polypropylene netting with openings of 3/8 in. x 3/8 in. DSC 2 is designed for steeper inclines and higher-flow situations. DSC 2 is considered an extended-term solution that degrades in $\hat{A}\pm$ 2 years.

Quantity
25 rolls per pallet
550 rolls per truckload

Roll Size
8' x 112.5' (100sy)

DSC 2

Matrix:	30% Coconut/70% Straw
Width:	8 ft (2.44 m)
Length:	112.5 ft (34.29 m)
Area:	100 yd ² (83.6 m ²)
Weight:	.50 lb/yd ² (.2268 kg/m ²)
Functional Longevity::	24 Months
Top Netting:	Medium Weight
Bottom Netting:	Light Weight
Stitching:	Photodegradable on 1.5" Centers
